GREETINGS FROM MARKHAM STOUFFVILLE HOSPITAL FOUNDATION

Community support has real impact at Markham Stouffville Hospital (MSH). Thanks to you and today's participating schools - Bur Oak Secondary School, Markham District High School, Markville Secondary School, Pierre Elliot Trudeau High School, and Unionville High School - patients at MSH have access to the life-saving equipment and care they need. Thank you!

It's your generosity that funds the critical equipment and urgent supplies that help ensure MSH continues to be prepared to care for our growing and aging community. Government can't fund all equipment and top priority needs. That's why your donation is so vital and very much appreciated.

Today, health care is changing at a rapid pace. The way the hospital cares for patients now will not be the way it cares for patients in the future. The MSH of tomorrow must transform health care for our rapidly growing, aging and diverse community.

Your generous support is essential to the lifetime of care that MSH patients can receive close to home. Thank you for making a difference, today and for generations to come.
