GREETINGS FROM MARKHAM STOUFFVILLE HOSPITAL FOUNDATION

Community support has real impact at Oak Valley Health's Markham Stouffville Hospital (MSH). Thanks to you and today's participating schools — Bur Oak Secondary School, Richmond Hill High School, Markville Secondary School, Pierre Elliot Trudeau High School, and Unionville High School — MSH's patients can access the life-saving equipment and care they need. Thank you!

MSH is one of Ontario's leading community hospitals serving one of Canada's most diverse populations in one of its fastest growing regions. As our population grows and ages, the demand for integrated care close to home is rising. This reality pushes MSH to evolve thoughtfully and respond strategically to real community needs — and we can't do it with your support.

Government funding alone is not enough to keep pace with our hospital's priority needs or health care rapidly changing landscape.

It's your generosity that helps fund essential equipment upgrades, program enhancements, and the expansion of our hospital's campus of care. Because of you, MSH's care teams have the resources they need to diagnose sooner, treat more precisely, and embrace innovation to advance patient care. Your support keeps leading-edge care within reach today, tomorrow, and for generations to come.

Thank you for helping us bring a lifetime of care closer to home.
